

Important Safety Instructions:

- This portable luminaire has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug. Do not attempt to defeat this safety feature.
- These instructions are provided for your safety. It is very important that they are read carefully and completely before beginning the assembly and installation of this lighting fixture.
- Light bulb should be centered inside the each shade. Making sure it does not touch the shade sides.
- This fixture has been rated for up to **two (2) 40-watt maximum TYPE G standard incandescent light bulbs (not included) or two (2) 9-watt compact fluorescent light bulbs (not included) or two (2) 4.5-watt SBLED light bulbs (included)**. To avoid the risk of fire, do not exceed the recommended wattage.
- This lamp is meant for indoor use.
- **Save these instructions.**

WARNING:

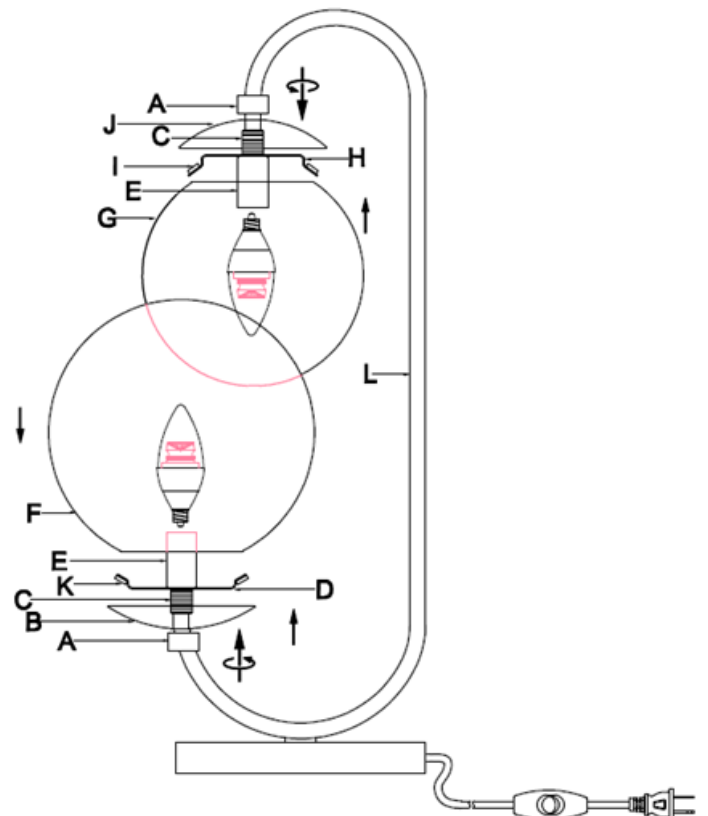

- **To reduce the risk of fire, electrical shock or personal injury, always turn off and unplug the light fixture and allow it to cool prior to replacing the light bulb.**
- **Do not touch bulb when fixture is turned on. Do not look directly at lit bulb.**
- **Keep flammable materials away from lit bulb.**

Pre-assembly:

- Remove all parts and hardware from box along with any plastic protective packaging.
- Do not discard any contents until after assembly is complete to avoid accidentally discarding small parts or hardware.
- For your safety and convenience, assembly by two people is recommended.

- (E) Sockets (2)
- (F) Large Glass Shade (1)
- (G) Small Glass Shade (1)
- (H) Small Metal Plate (1)
- (I) Small Plastic Pads (2)
- (J) Small Metal Cap (1)
- (K) Large Plastic Pads (2)
- (L) Metal Arm (1)

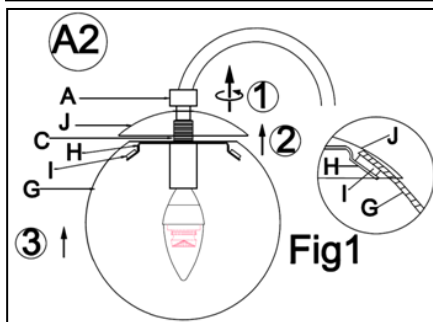

Pelle Asymmetrical Table Lamp 2-Lights Assembly Instructions

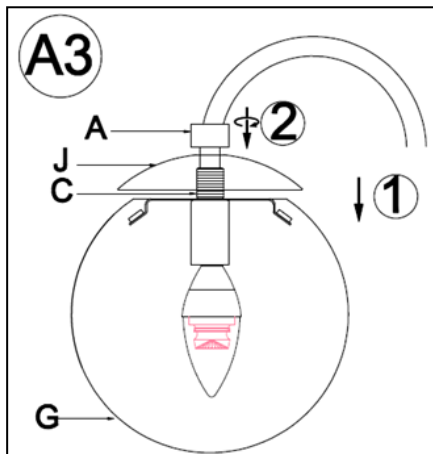

To Assemble:

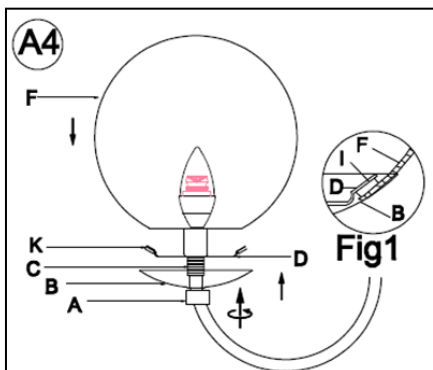

1. Insert the specified light bulbs into the Sockets (E). DO NOT EXCEED THE SPECIFIED WATTAGE.

2. Unscrew the Threaded Nut (A) from the Threaded Tube (C). Slide the Metal Cap (J) and the Threaded Nut (A) upwards/downwards along the metal arm and holding them with the help of another people. Position the Glass Shade (G) over the Metal Plate (H) by inserting the Metal Plate (H) into the opening of the Glass Shade (G) in a slanted direction until the 2 Plastic Pads (I) on the Metal Plate (H) are evenly contacted and engaged with the interior upper surface of the Glass Shade (G) as shown in Fig.1.

3. Lower the Metal Cap (J) downwards/upwards along the metal arm to cover the opening of the Glass Shade (G) until the edge of the Metal Cap (J) is fully contacted with the exterior upper surface of the Glass Shade (G). Secure the Glass Shade (G) by turning the Threaded Nut (A) onto the Threaded Tube (C) in a clockwise direction by hand until tight. Do not over tighten.

4. Assemble the Large Glass Shade (F) to the remaining Metal Plate (N) using the similar procedures as outlined in steps A2-A3.

Care instructions:

- Wipe clean with a soft, dry cloth or static duster.
- Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.
