

Important Safety Instructions:

- For safety purposes, this lamp is equipped with a polarized plug (one blade is wider than the other). If the plug does not fit securely into your outlet, do not force it-contact a professional electrician. Use the plug with an extension cord only if it can be fully inserted into the cord's socket. Never alter the plug in any way.
- These instructions are provided for your safety. It is important that they are read carefully and completely before assembling fixture.
- This fixture has been rated for up to **(1) 60-watt maximum type A bulb (not included)**. To avoid the risk of fire, do not exceed the recommended wattage.

Warning:

- To reduce the risk of fire, electrical shock or personal injury, always turn off and unplug lamp and allow it to cool prior to replacing light bulb.**
- Do not touch bulb when fixture is turned on. Do not look directly at lit bulb.**
- Keep flammable materials away from lit bulb.**

Pre-assembly:

- Remove all parts and hardware from box along with any plastic protective packaging.
- Do not discard any contents until after assembly is complete to avoid accidentally discarding small parts or hardware.

Parts enclosed:

- (1) Shade (A)
- (1) Ring (B)
- (1) Screw (C)
- (1) Pole (D)
- (1) Pole (E)
- (1) Base (F)

Assembly Instructions:

1. Screw the pole (E) onto the base (F) .
2. Pull the wire from the base and screw the pole (D) onto the pole (E).
3. Turn the screw (C) onto the ring (B).
4. Insert one 60-watt maximum type A bulb (not included) into the socket.
5. Plug into the proper electrical outlet and test fixture.

**Care instructions:**

- Clean with soft, dry cloth.
- Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the lamp.
